

[Cracking] Wordlists

Introduction

Quelques wordlists très pratiques pour faire de l'énumération de site web ou du cracking de mots de passe.

Wordlists

RockYou

- <https://github.com/brannondorsey/naive-hashcat/releases/download/data/rockyou.txt>

Stun

- <https://korben.info/une-liste-de-15-milliards-de-mots-de-passe.html>

Fuzzing Dirbuster

- Small : <https://github.com/daviddias/node-dirbuster/blob/master/lists/directory-list-2.3-small.txt>

- Medium : <https://github.com/daviddias/node-dirbuster/blob/master/lists/directory-list-2.3-medium.txt>
- Big : <https://github.com/daviddias/node-dirbuster/blob/master/lists/directory-list-2.3-big.txt>

SecLists

Plusieurs listes intéressantes d'utilisateurs, mots de passe, sous-répertoire web etc :

- <https://github.com/danielmiessler/SecLists>

Richelieu (french wordlist)

- <https://github.com/tarraschk/richelieu>

Kaonashi

- <https://github.com/kaonashi-passwords/Kaonashi>

PacketStormSecurity (wordlist par pays)

- <https://packetstormsecurity.com/Crackers/wordlists/page4/>

Awesome wordlists

- <https://github.com/gmelodie/awesome-wordlists>
